Apply Now

Description

Your future starts here!

Are you ready to start your career as a pool attendant? Then apply now and become part of our team at mattiaqua!

Responsibilities

Not for the water-shy: your springboard to the future!

At mattiaqua, you'll be responsible for more than just good weather in Wiesbaden's swimming pools. As a pool attendant, you are the hero at the poolside. You are not only an expert in various swimming and diving styles, but also a trainer who turns non-swimmers into safe swimmers. Monitor pool operations and actively organise our course and wellness offers. Your duties will include first aid measures and ensuring general hygiene and cleanliness in the pool. You will also monitor the technical equipment and carry out minor maintenance work to ensure safe and efficient operation. You will keep an overview of the care and maintenance of the facilities and will be indispensable in the planning and organisation of operations.

Qualifications

Where you work: our facilities

Whether in indoor or outdoor pools or in our thermal baths – at mattiaqua there are many places where you can put your skills to the test. Are you ready to jump in at the deep end? If you are interested in the diverse tasks in our pools and spas, have a technical understanding and enjoy working with people, then you've come to the right place. We are looking for team players who are in good health for working in a swimming pool, can swim well and enjoy animation tasks.

Job Benefits

Theory meets practice: your path to becoming a professional

In our practical training at mattiaqua and in theoretical block lessons at the Johann-Philipp-Reis-Schule in Friedberg, you will become an all-round talent. Your intermediate examination in the 2nd year of training and the final examinations in the 3rd year show how varied and exciting your training is. Once you have completed your vocational training and gained practical experience, you will even have the opportunity to start your master craftsman training.

Requirements: Secondary school leaving certificate and successful participation in the selection process
